## Ultimate Screen Room

The Ultimate Screen Room with UV, wind, rain and thermal roof protection. The Ultimate Screen Room is the perfect alternative to a glass and screen sunroom. Each fully removable sash is constructed of heavy-duty extruded aluminum and has a 10-mil flexible, non-breakable vinyl glazed-in for your protection. Combined with our Thermal Roof system, the Ultimate Screen Room gives you the added protected space you need at an affordable price.

Three Exceptional Styles

Choose from the Cathedral, the Studio or the California. The Cathedral features the drama and space of a vaulted ceiling. The classic Studio design is a natural fit for all home styles. The California offers our distinctive dual-level roof with an additional glass area for even more light reception.

## Signature Collection

Like a clever chameleon, the Signature Collection takes its design cues from your home's architecture. From the integrated roof (E4 roofing system), to matching brick or siding, every detail featured in the Signature Collection is designed to harmonize with your home.

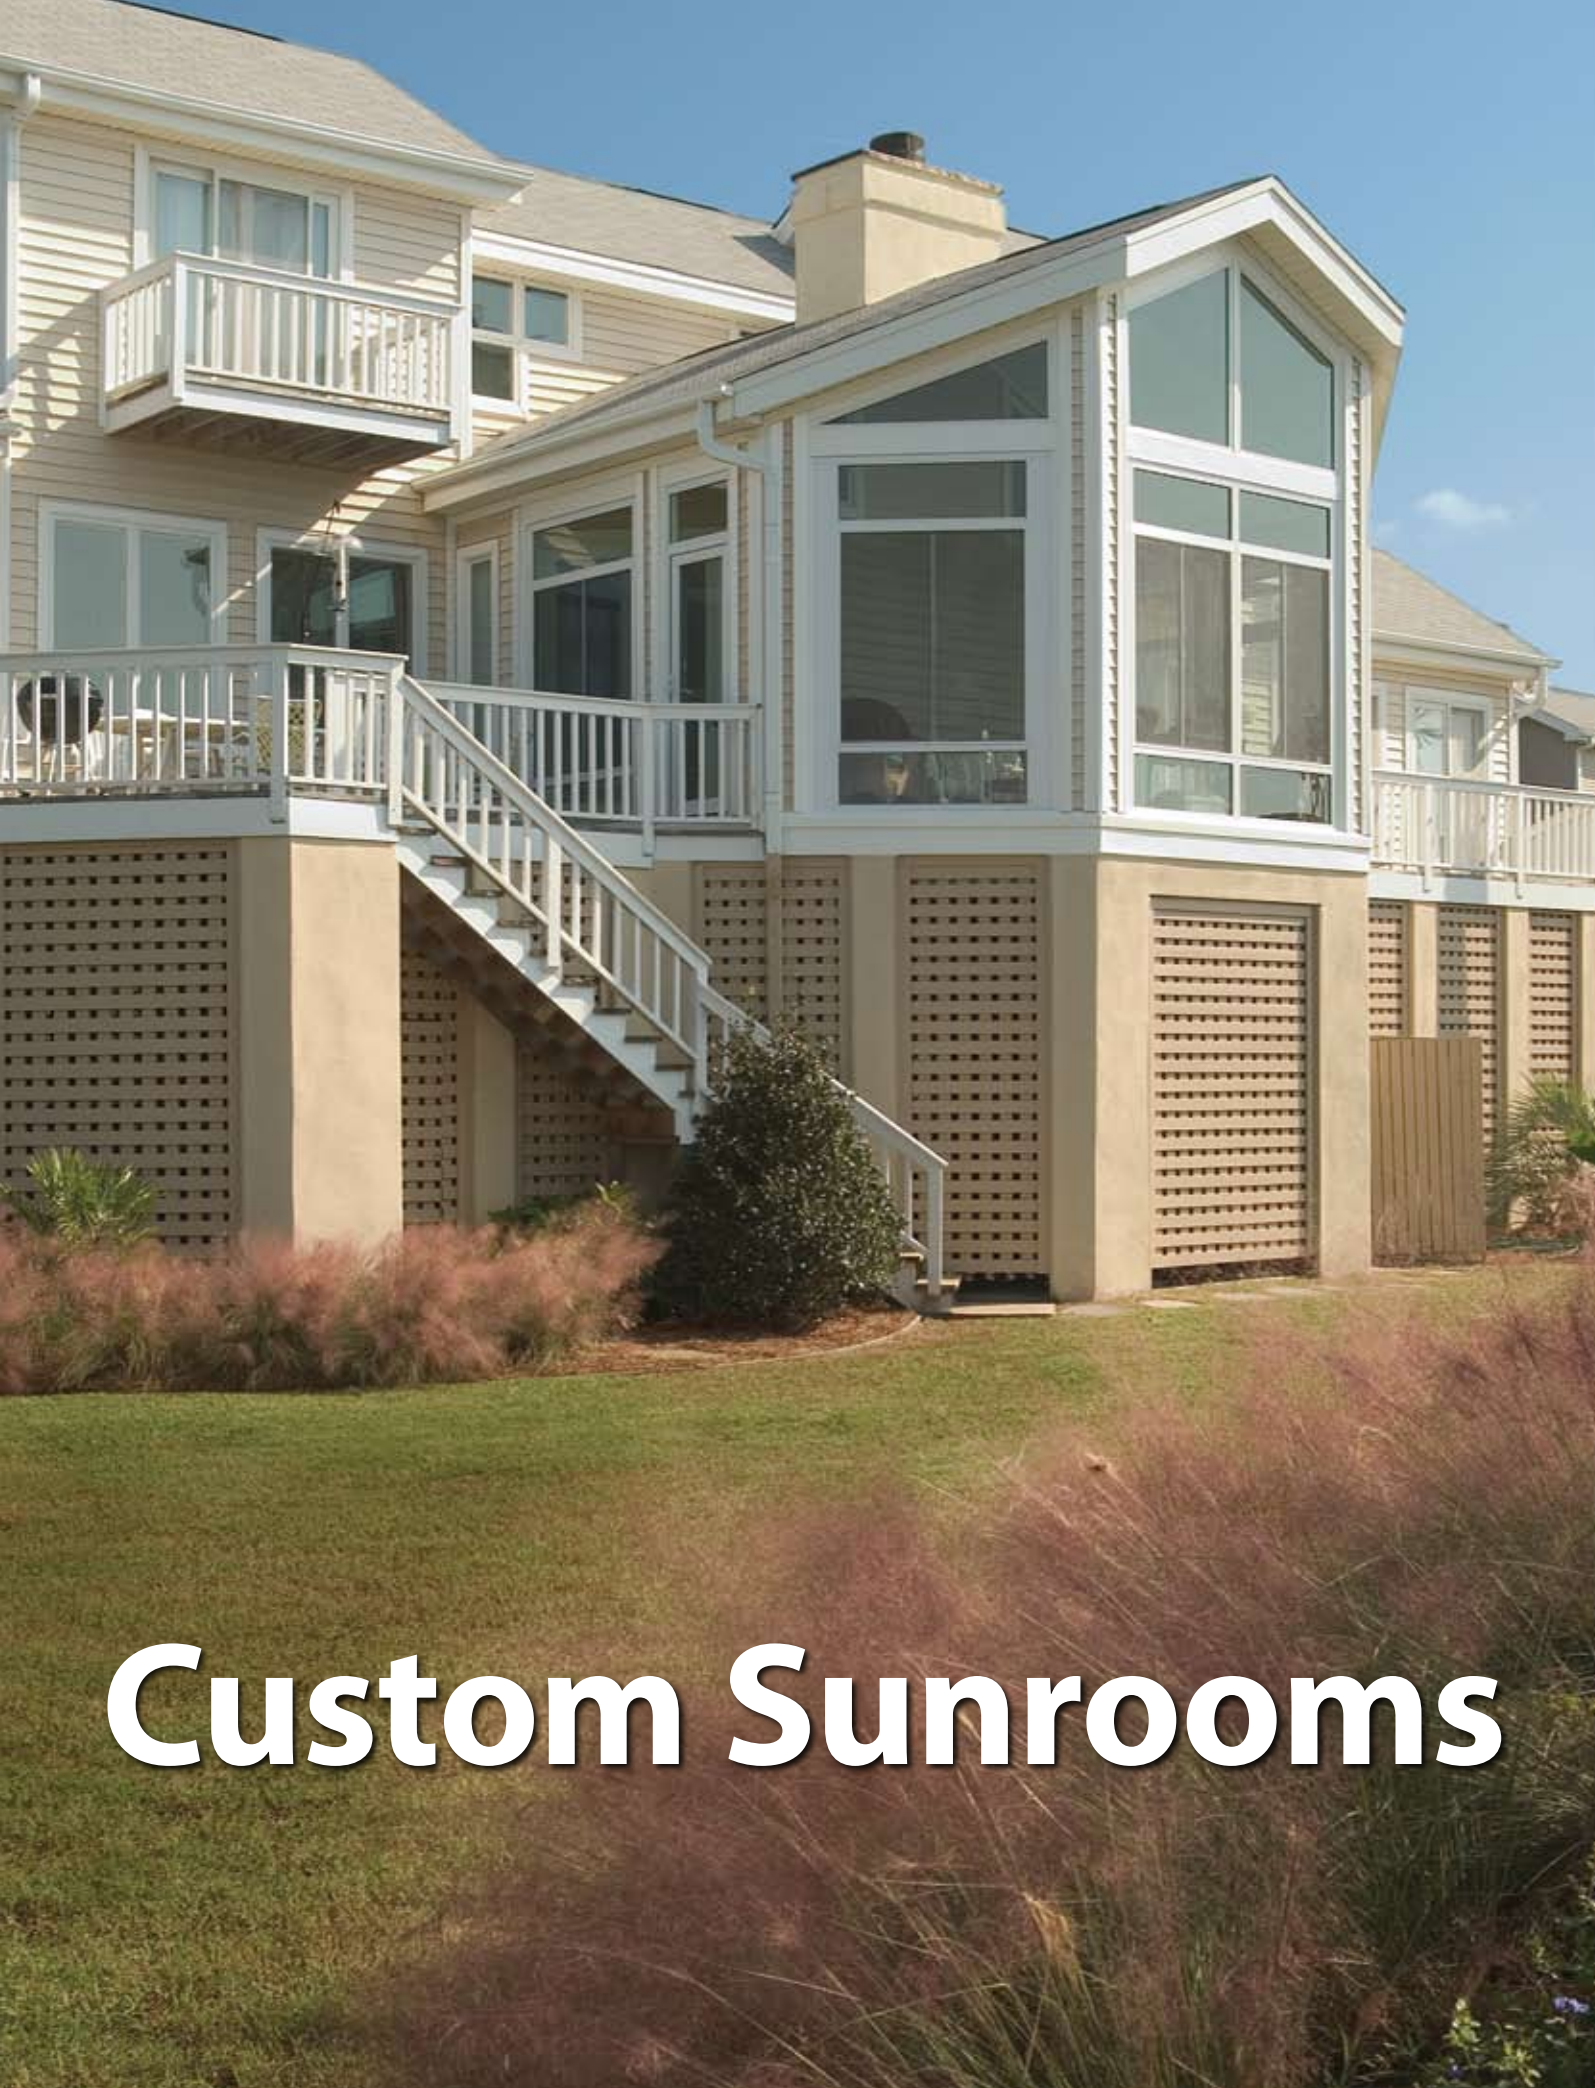

## Under Existing

Our unique wall system can be installed under your existing roof. Turn the wasted space of your part-time patio into a full-time sunroom you'll use every day. Never again let the weather, seasons or insects drive you indoors and away from your favorite activities.

## Ventilated Solariums

Now, as never before, bring the outdoors up close and personal. Our industry-exclusive design puts you next to the clouds and stars. Available in full and partial glass roof systems.

# Free-Standing Pergolas

Perfect for climbing vines or a personal tranquility haven.

# Attached Pergolas

Enjoy both sun and shade while reducing UV exposure.

## Inspired Style

TEMO pergolas are beautifully crafted for an elegant addition to any home. Each of our available three styles is inspired by the history born in some of Italy's greatest centers of architectural achievements: Rome, Florence and Venice.

## Choose From Three Column Styles

**Free-standing Pavilions**

**Attached Pavilions**

Pavilions are ideal for homeowners who want a beautiful, easy-to-install shade structure. Our solid roof style pavilion is designed to protect your pool deck, BBQ area or other outdoor recreation spot for added enjoyment – even when the sun is blazing or there’s rain on the horizon. Our carports can provide your vehicle with protection from the elements without the hassle and expense of building a garage. Available in Free-standing and Attached designs.

# ST THOMAS LARGE RETRACTABLE SCREEN ROOM

- **Benefits of a solid panel thermal roof**
- **On demand bug protection with our large retractable screens**
- **Panoramic views**

A retractable screen room from TEMO is the perfect solution for homeowners who want a flexible option for spending time outdoors. With a retractable screen system, you can enjoy protection from insects and other pests by drawing the screen walls down, or you can choose to leave the screens up, creating an open-air covered patio that is perfect for entertaining. Whether you want to dine with your family in an enclosed room with a gorgeous, panoramic view of the outdoors, or you want to relax in the shade while the kids play in the pool or backyard, a TEMO retractable screen room can provide the ideal space. You can even install a retractable screen in front of your single, double, and golf cart garages to shield your cars, motorcycles, golf carts, and all your favorite toys from the elements while your garage door is up.

# Spa Cabana & Gazebo

# Pool & Spa Enclosures

With a complete line of pool and spa enclosures, homeowners have the opportunity to enjoy the soothing atmosphere and relaxing luxury of a resort spa in the comfort of their own backyards. Our enclosures are ideal for increasing living space and enhancing home value, and are designed to offer our customers the best in comfort and beauty. You can even combine several of our products to create the ultimate backyard resort. Compliment your TEMO sunroom with a spa cabana nearby or extend the relaxing shade of your pavilion with a new pergola. Whether you want to create an elegant and romantic environment around your pool or are looking for a way to infuse your hot tub area with tropical flair, we are sure to have the ideal enclosure to help you create your own outdoor oasis.

# Basement Finishing

## The HealthSmart Way

Moisture and mold are your finished basement's worst enemies. Our HealthSmart materials and installation system solves both problems. They protect your family and your investment.

## Why it's HealthSmart

- 100% non-organic materials won't feed mold
- 100% moisture-resistant materials are waterproof
- Solid panels resist allergens and odors
- Our system retains heated or cooled air for room comfort
- Our system saves on construction labor and energy costs

## Ingenious Extras

- Built-in electrical channels
- Removable panels for access to basement walls
- Hanging brackets that self-level the finishing panels
- Invisible seams for "upstairs" wall appearance
- An Air Circulation Chamber that creates a thermal and sound barrier and works to keep walls dry to resist mold
